

CirclnWater

Supporting European SMEs to bring water-smart solutions to market

The WINning days

Water Innovation Networking days

7th MARCH 2023 (15:45 CET)

Room 1 (Feria de Zaragoza)

Hybrid event

[CirclnWater project](#) and The Water Innovation Networking Days join forces to promote the development of water-smart solutions and the collaboration between European SMEs. The session will update the information available about the funding opportunities of CirclnWater and the call for the Innovation Lump Sum. The 6th edition of The WINning Days will take place in the framework of [SMAGUA 2023](#) (Zaragoza) on the 7th of March 2023 (15:45 – 17:45 CET). In parallel, a face-to-face matchmaking session will take place to find new project partners.

How will you benefit from participating in the event?

- Learn more about water challenges in the agrifood and energy-intensive industries with practical examples.
- Promote your project ideas and meet new collaborators.
- Identify collaboration opportunities: pitches of companies looking for partners.
- Get updated information about CirclnWater calls and funding opportunities for SMEs developing water-smart solutions.
- Q&A sessions with end users, technological SMEs, and CirclnWater consortium.

Target audience:

EU-based SMEs developing new products, services or methods addressing the water-related challenges in the agri-food and energy-intensive industries.

Logistics:

- Registration to The WINning Days is free of charge but mandatory: [Registration](#)*
- Physical B2B session (7th – 8th March): [Registration](#)

*To join the event physically, you need to request your [entrance tickets to SMAGUA 2023](#) (Free of charge).
